

AVG INTERNET SECURITY BUSINESS EDITION 9.0

COMPLETE PROTECTION FOR YOUR BUSINESS

Your business is online, so your protection should be too. AVG Internet Security Business Edition 9.0 is designed to protect your workstations and servers so you can focus on your business. AVG Internet Security Business Edition 9.0 keeps your business safe from existing and future threats using two next-generation technologies:

- ✓ LinkScanner® stops your employees from visiting unsafe websites
- ✓ Data Protection keeps your business data safe from new and unknown threats

AVG Internet Security Business Edition 9.0 pulls these capabilities together with the new enhanced firewall and high-performance scanner to deliver proactive protection that's second to none. This future-proof protection level leverages cutting-edge technologies like application white-listing and "in-the-cloud" automated testing to definitely identify the presence of a new threat.

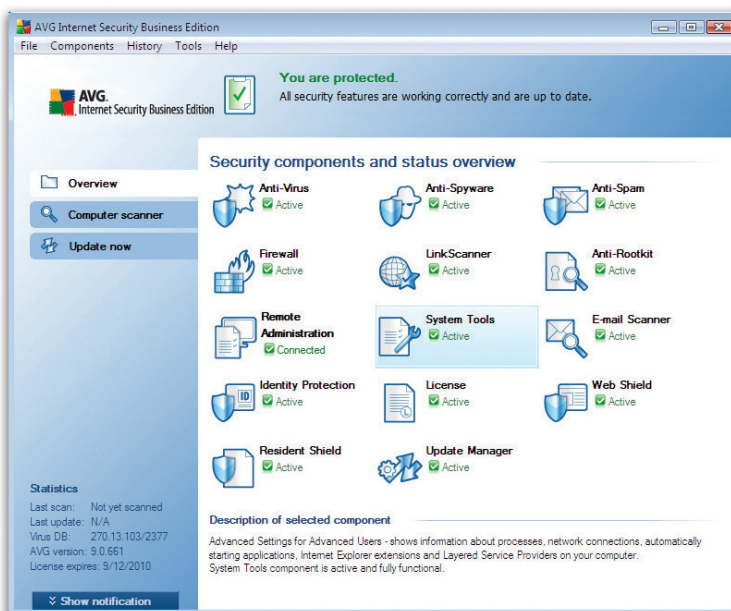

- ✓ **NEW** Data Protection ensures safe online business transactions by adding vital extra security on top of your anti-virus
- ✓ **NEW** high-performance virus scanner gives you great protection without getting in the way of business
- ✓ **ENHANCED** protection against phishers and server-based spam keeps your email system running smoothly
- ✓ **ENHANCED** firewall works in the background to keep hackers out of your network without interrupting your business

- ✓ **NEW** Linux-based Rescue CD to ensure your network can be recovered even if an existing infection prevents Windows from booting
- ✓ **ENHANCED** remote administration ensures easy deployment and centralized management of security incidents

It's faster, smarter security that won't slow your business down.

AVG Internet Security Business Edition 9.0 is easy to deploy, manage, and maintain:

- ✓ Centralized configuration, reporting and updating
- ✓ One-stop license management
- ✓ Remote installation and repair
- ✓ Security policy enforcement

80 million people trust us to keep them safe online – and so can you.

Here's how AVG Internet Security Business Edition 9.0 protects your business:

SMARTER SECURITY THAT WON'T SLOW YOUR BUSINESS DOWN

NEW High Speed Anti-Virus/ Anti-Spyware Scanner	Keeps your business running smoothly and your PCs free from viruses, spyware, worms, Trojans and other threats
NEW Enhanced Firewall	Prevents hackers from turning your network into botnet fodder and keeps your vital data safe

MAKE THE INTERNET SAFER FOR YOUR BUSINESS, YOUR STAFF, AND YOUR CUSTOMERS

NEW Data Protection	Keeps your business information safe from known and unknown threats
LinkScanner® Active Surf-Shield	Ensures every web page your staff visits is safe – even before they go there
LinkScanner Search-Shield	Applies safety ratings to Google, Bing/MSN and Yahoo search results
NEW Superior Phishing Protection	Checks to make sure web pages really are what they appear to be

LETS YOUR STAFF COMMUNICATE SAFELY WITH CUSTOMERS, PARTNERS, AND SUPPLIERS

Client Email Scanner	Cleans your email system of harmful message attachments and dangerous links
NEW Enhanced Anti-Spam	Prevents phishers, scammers, and spammers from clogging workstations and mail servers
WebShield	Minimizes the risk of virus and other rogue software infections when downloading and exchanging files

TAKES CARE OF SECURITY WHILE YOU TAKE CARE OF BUSINESS

NEW Improved Deployment	Simple to install and configure thanks to new cloning technology
Update Manager	Makes sure the business is always protected against the latest threats – automatically
NEW Rescue CD	Restores your network in the event an infection renders your systems unbootable
Anti-Rootkit	Extra-strength removal technology to root out even the toughest and most complex infections
System Tools	Customize the way Internet Security works to protect your network
Expert Support	Free assistance whenever you need it

System Requirements

Computer hardware

Recommended

Pentium Processor, 1.8 GHz
600 MB free hard drive space (for installation)
512 MB RAM

Note

The Data Protection, Firewall, Anti-Spam client, and WebShield modules are intended for desktop use and should not be installed on a server.

All AVG customers have access around the clock and around the globe to expert support at no additional charge. And of course, all AVG customers also receive free updates and upgrades automatically for the term of their license.
