

AVG ANTI-VIRUS BUSINESS EDITION 9.0

ESSENTIAL PROTECTION FOR YOUR BUSINESS

You wouldn't let an uninvited guest into your office, so don't let electronic intruders get access to your network while you're not looking. Your business computers need protection that's always there, constantly keeping your valuable business data safe.

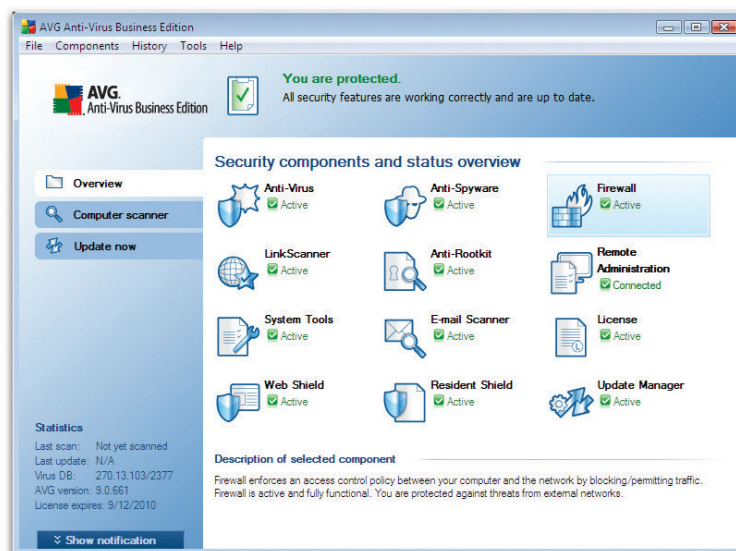

- ✓ **NEW** high-performance virus scanner gives you great protection without getting in the way of business
- ✓ **ENHANCED** protection against phishing attacks keeps your employees from clicking on unsafe links
- ✓ **ENHANCED** firewall works in the background to keep hackers out of your network without interrupting your business
- ✓ **NEW** Linux-based Rescue CD to ensure your network can be recovered even if an existing infection prevents Windows from booting
- ✓ **ENHANCED** remote administration ensures easy deployment and centralized management of security incidents

With AVG Anti-Virus Business Edition 9.0, you get easy-to-manage protection against today's most sophisticated threats, online and offline. AVG Anti-Virus Business Edition 9.0 includes our unique LinkScanner® which delivers vital protection to prevent your employees from inadvertently introducing web-based threats into your network.

It's faster, more efficient security that won't slow your business down.

AVG Anti-Virus Business Edition 9.0 is easy to deploy, manage, and maintain:

- ✓ Centralized configuration, reporting and updating
- ✓ One-stop license management
- ✓ Remote installation and repair
- ✓ Security policy enforcement

80 million people trust us to keep them safe online – and so can you.

Here's how AVG Anti-Virus Business Edition 9.0 protects your business:

SMARTER SECURITY THAT WON'T SLOW YOUR BUSINESS DOWN

| | |
|----------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| NEW High Speed Anti-Virus/ Anti-Spyware Scanner | Keeps your business running smoothly and your PCs free from viruses, spyware, worms, Trojans and other threats |
| NEW Enhanced Firewall | Prevents hackers from turning your network into botnet fodder and keeps your vital data safe |

MAKE THE INTERNET SAFER FOR YOUR BUSINESS, YOUR STAFF, AND YOUR CUSTOMERS

| | |
|----------------------------------|------------------------------------------------------------------------------|
| LinkScanner® Active Surf-Shield | Ensures every web page your staff visits is safe – even before they go there |
| LinkScanner Search-Shield | Applies safety ratings to Google, Bing/MSN and Yahoo search results |
| NEW Superior Phishing Protection | Checks to make sure web pages really are what they appear to be |

LETS YOUR STAFF COMMUNICATE SAFELY WITH CUSTOMERS, PARTNERS, AND SUPPLIERS

| | |
|----------------------|------------------------------------------------------------------------------------------------------------|
| Client Email Scanner | Cleans your email system of harmful attachments and dangerous links |
| WebShield | Minimizes the risk of virus and other rogue software infections from the downloading and exchange of files |

TAKES CARE OF SECURITY WHILE YOU TAKE CARE OF BUSINESS

| | |
|-------------------------|---------------------------------------------------------------------------------------------|
| NEW Improved Deployment | Simple to install and configure thanks to new cloning technology |
| Update Manager | Makes sure the business is always protected against the latest threats – automatically |
| NEW Rescue CD | Restores your network in the event an infection renders your systems unbootable |
| Anti-Rootkit | Extra-strength removal technology to root out even the toughest and most complex infections |
| Expert Support | Free assistance whenever you need it |

System Requirements

Computer hardware

Recommended

Pentium Processor, 1.8 GHz
550 MB free hard drive space (for installation)
512 MB RAM

Note

The WebShield and Firewall modules are intended for desktop use. We don't recommend you install them on servers.

All AVG customers have access around the clock and around the globe to expert support at no additional charge. And of course, all AVG customers also receive free updates and upgrades automatically for the term of their license.
