IDM Computer Solutions, Inc presents:

UltraEdit

The #1 Best Selling Text Editor in the World

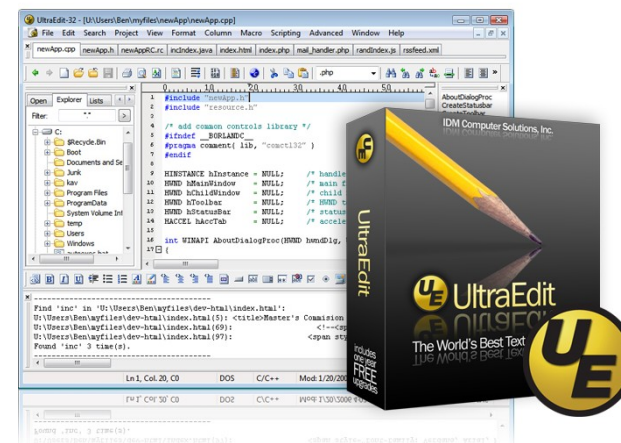

The World's Most Powerful Text Editor

Replacing Notepad or looking for a powerful text editor? UltraEdit is what you're looking for. UltraEdit is the ideal Text, HEX, HTML, PHP, Java, JavaScript, Perl, and Programmer's editor. It's versatile and easy to use. UltraEdit is specially designed for inputting and editing text and code, UltraEdit supports configurable syntax highlighting and code structuring for most any programming languages.

With code folding, syntax highlighting, Unicode support, large file handling, SFTP/FTP, SSH/Telnet, integrated macros and scripting, and so much more, UltraEdit has something for you. UltraEdit is guaranteed to save you time and improve your workflow.

So much more than text editing...

At IDM we first think of programming excellence. An editor simply must do what the user needs it to do and operate as expected. Secondly, we think an editor must empower the user with productivity tools. To this end, we have added no less than 75 new features to UltraEdit in just the past 24 months. This is 75 new features in addition to the hundreds of features UltraEdit is renowned for. Despite this vast range of features, UltraEdit never feels overwhelming. It is flexible and easy to customize, handles files in excess of 4GB, and the polished user interface provides easy access to the most important options.

What can UltraEdit do for you?

UltraEdit is used across a diverse range of industries:

- Programmers/Developers
- Web Developers
- Database Managers
- System Administrators
- Professional Writers/Journalists
- Legal Researchers
- Technical Writers
- Editors/Publishers
- Education/Research
- Bankers/Accountants
- Medical/Pharmaceutical Researchers
