# **TEC-IT**

## **TBarCode/SAPwin**

Barcode DLL for SAP<sup>®</sup>

SAPIpd, SAPsprint, SAPWIN

Bar Code Extension for SAPIpd, SAPsprint, SAPWIN.DLL

**Bar Code Printing for all Printers** 

## Barcode Printing for R/3®

*TBarCode/SAPwin* offers device and SAP<sup>®</sup> R/3<sup>®</sup>-release independent bar code printing.

The product integrates seamless into the SAP<sup>®</sup> printing process. It enhances all printers, which are used with SAPIpd, SAPsprint or the SAPWIN.DLL with bar code functionality.

## **Printer Independent**

*TBarCode/SAPwin* is 100% software. It adds bar code functionality to all printers. Printer manufacturers or printer models are no longer relevant. Upgrading printers with cost-intensive extensions like SIMM's or DIMM's is not required.

### Easy Installation and Deployment

*TBarCode/SAPwin* is installed with a few mouse clicks as an extension to SAPlpd or SAPsprint. In addition, automatic enterprise-wide deployment or server-based installations are of course supported.

## All Barcodes

*TBarCode/SAPwin* prints more than 80 different barcode symbologies. Linear barcodes as well as 2D barcodes with high data density are generated on demand.

The broad range of barcode symbologies makes *TBarCode/SAPwin* the ideal add-on for all printing tasks. Virtually all business or industry requirements are covered.

### Simple Maintenance

The most common barcodes are already pre-defined by SAP<sup>®</sup>. As long as only those barcode types are used, no additional configuration efforts are required. Adding or changing barcode print-controls is possible within minutes.

## No SAPscript Changes

The use of *TBarCode/SAPwin* does not force the user to change standard SAPscript<sup>®</sup> forms.

## **Highlights**

#### Cost Savings

- Minimal Cost of Ownership The transparent licensing scheme enables customers to put a cost effective bar-coding solution into operation.
- Absolutely Printer and Hardware Independent TBarCode/SAPwin turns virtually all printers available on the market into bar-coding machines. You are not bound to specific printer models or manufacturers anymore.

#### **Operation and Maintenance**

- Easy to Install, Easy to Maintain Simply install TBarCode/SAPwin on your computers. No printer upgrade or maintenance is required.
- SAP R/3 Release Independent TBarCode/SAPwin is installed as an extension for SAPlpd or SAPsprint. The release level of the SAP<sup>®</sup> application server is irrelevant.

#### <u>Barcodes</u>

- More than 80 Linear, 2D and Composite Barcodes PDF417, MicroPDF, DataMatrix (ECC200), MaxiCode, QR-Code, Codablock, EAN-UCC-Composite, RSS, GS1 DataBar, Aztec, ...
- Unified Barcode Interface
   TBarCode/SAPwin unifies bar-coding among different printer
   models. No device-specific configuration is required.
- Perfect Barcode Quality TBarCode/SAPwin generates crystal-clear barcodes with perfect readability.

#### In World-Wide Use
